

My hair is as gold as a coin
and as light as the sun waking up.
My skin is as fair
as a buttercup blooming.
My eyes are as blue
as the far, wide sea,
and as large as a lion's roar.
My ears are like leaves
wafting in the wind.
My heart is like someone
shaking a maraca.
My hands are as soft
as a wolf's fur in the sunset.
My legs are as long as a weed.
My stomach is as small
as a baby elephant's trunk.
My voice is as loud as a playground
or as quiet as a sloth.
When I laugh,
it sounds like a tiger's roar.
My smile is as big as a forest.
